

AANA E.L.I.T.E. Lab

June 21st, 2025

Orthopaedic Learning Center, Rosemont, Illinois

Available Lab Focus: Hip

Saturday E.L.I.T.E. Session	
Hands-on Activity	
7:30-8:00 a.m.	Registration
8:00-8:15 a.m.	Welcome Reception, Coffee and Networking Booth Visits
8:15-8:30 a.m.	Move to Lab
8:30-11:30 a.m.	E.L.I.T.E. Lab Session Participant Chosen Goals Available Procedures: • Diagnostic Scope • Capsulotomy • Acetabuloplasty • Labral Repair • Labral Reconstruction/Augment • Femoral Osteochondroplasty • Capsular Closure • Capsular Augmentation • Arthroscopic Hamstring • Open Hamstring Repair • Arthroscopic Gluteus Medius Repair • Open Gluteus Medius Repair/Reconstruction • Ischiofemoral Osteoplasty
11:30-11:45 a.m.	Lunch Available Move to Auditoriums for Procedure Demonstrations
11:45 a.m.-12:15 p.m.	Non-CME Demonstration, Details Coming Soon!
12:15-12:30 p.m.	Brief Q&A
12:30-1:00 p.m.	Non-CME Demonstration, Details Coming Soon!
1:00-1:15 p.m.	Break, Return to Lab
1:15-5:00 p.m.	E.L.I.T.E. Lab Session

	Participant Chosen Goals
5:00 p.m.	Course Adjourns

Master Online Program – Hip

Pre-Course Lecture Database

Innovations in Hip Arthroscopy	
Hip Arthroscopy Master Class (Online Pre-Course)	
10 Minutes	Approach to Young Adult Hip Patient: Physical Exam and Patient Selection T. Sean Lynch, M.D.
8 Minutes	US Guided Injections: Cortisone, PRP, BMAC, and HA Jorge Chahla, M.D.
15 Minutes	Rehabilitation for Hip and Pelvic Pain Kristyn Taylor, D.P.T.
17 Minutes	Imaging Studies: Plain Radiographs, MRI, CT Sanjeev Bhatia, M.D.
7 Minutes	New Concepts in FAIS Shane J. Nho, M.D.
10 Minutes	Intra-Operative Fluoroscopy and Dynamic Assessment Ajay C. Lall, M.D., M.S.
10 Minutes	Residual Pediatric Deformities Steven K. Aoki, M.D.
8 Minutes	Borderline Hip Dysplasia Joshua D. Harris, M.D.
11 Minutes	Hip Dysplasia and Dysplasia Variants Andrea Spiker, M.D.
10 Minutes	CAM Impingement Michael Salata, M.D.
10 Minutes	Hip Access: Distraction, Fluoroscopy, and Portal Placement Winston Gwathmey, M.D.
15 Minutes	Continuum of Labral Management: My Algorithm for Debridement, Repair, Augment, and Reconstruction Christopher Larson, M.D.
11 Minutes	Technical Spotlight: 270 Degree Labral Reconstruction Andy Wolff, M.D.
17 Minutes	New Cartilage Technologies: Ready for Prime Time?

	Thomas Wuerz, M.D.
18 Minutes	Hip Cartilage Repair: Microfracture, Biocartilage, De Novo, Prochondrix Chad Mather, M.D.
8 Minutes	Debate: Subspine Decompression for All My Cases Joshua D. Harris, M.D.
8 Minutes	Debate: Subspine is a Myth Travis G. Maak, M.D.
11 Minutes	Primary Capsular Repair Technologies Shane J. Nho, M.D.
9 Minutes	Capsular Technical Pearls in Revision Hip Arthroscopy Steven K. Aoki, M.D.
17 Minutes	Technical Spotlight: Knotless Anchor Repair for Hip Labrum John J. Christoforetti, M.D.
14 Minutes	Technical Spotlight: Labral Augmentation Michael Ellman, M.D.
12 Minutes	Core Muscle Injuries Brian Busconi, M.D.
13 Minutes	Endoscopic CMI Repair and Pubic Symphysis Excision Dean K. Matsuda, M.D.
6 Minutes	Debate: Endoscopic Gluteus Medius Repairs Joshua D. Harris, M.D.
12 Minutes	Debate: Endoscopic Gluteal Repair with Allograft Augmentation Jovan Laskovski, M.D.
6 Minutes	Debate: Open Superior Gluteal Reconstruction Jorge Chahla, M.D., Ph.D.
8 Minutes	Debate: Endoscopic Proximal Hamstring Repair Chad Mather, M.D.
14 Minutes	Debate: Open Hamstring Repair Brian Giordano, M.D.
7 Minutes	Approach to Failed Hip Arthroscopy Allston J. Stubbs, IV, M.D., M.B.A.
10 Minutes	Debate: Open Gluteus Medius Repairs is Better and Faster Michael Salata, M.D.
15 Minutes	Diagnostic Work-Up for Hip Injuries – History, Exam, Imaging, Injections J.W. Thomas Byrd, M.D.
11 Minutes	Labral Management, Debride, Repair, Reconstruct, Augment Marc. J. Philippon, M.D.

11 Minutes	Osseous Management, Pincer, AILS, Os, Acetabuli Christopher M. Larson, M.D.
9 Minutes	Ultrasound Imaging of the Hip and Pelvis/Ultrasound Access for Portal Placement Ivan H. Wong, M.D., FAANA
14 Minutes	Capsular Management – Capsulotomy, Capsular Windows, Exposure, and Repair/Plication/Reconstruction Shane J. Nho, M.D., M.S.
12 Minutes	Complications and Approach to Revision Arthroscopy Allston J. Stubbs, IV, M.D., M.B.A.
20 Minutes	Pearls and Pitfalls of Patient Selection in Hip Preservation Practice John J. Christoforetti, M.D.
8 Minutes	What's the Evidence? The Latest Evidence in Hip Arthroscopy and Preservation Surgery Olufemi R. Ayeni, M.D.
