### ASES Session I: Primary Arthroplasty

**Time: 11:05-11:55 a.m.**

**Moderators: Daniel C. Acevedo, M.D., Paul J. Cagle, Jr., M.D.**

| Time       | Talk Title                                                                                                                                                                                                                      | Faculty                                                                                                                                                                                             |
|------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 11:05 a.m. | Comparison of Analgesic Efficacy of Continuous Perineural Catheter, Liposomal Bupivacaine, and Dexamethasone as an Adjuvant for Interscalene Block in Total Shoulder Arthroplasty: A Triple Blinded Randomized Controlled Trial | Paul J. Cagle, Jr., M.D.                                                                                                                                                                            |
| 11:10 a.m. | Bilateral Shoulder Arthroplasty for Glenohumeral Osteoarthritis: Anatomic vs. Reverse Shoulder Arthroplasty                                                                                                                     | Logan C. Kolakowski, M.D.                                                                                                                                                                           |
| 11:15 a.m. | Abstract Q&A                                                                                                                                                                                                                    | Daniel C. Acevedo, M.D., Paul J. Cagle, Jr., M.D.                                                                                                                                                   |
| 11:19 a.m. | Is There a Role for Anatomic TSA in 2025?                                                                                                                                                                                       | William N. Levine, M.D.                                                                                                                                                                             |
| 11:27 a.m. | My Most Difficult Primary Arthroplasty, and How I Planned It? (Video)                                                                                                                                                           | John W. Sperling, M.D., M.B.A.                                                                                                                                                                      |
| 11:35 a.m. | Primary Arthroplasty Case-Based Panel Discussion                                                                                                                                                                                | Moderators: Daniel C. Acevedo, M.D., Paul J. Cagle, Jr., M.D.<br><br>Panelists: Oke A. Anakwenze, M.D., M.B.A., Julie Y. Bishop, M.D., Thomas (Quin) W. Throckmorton, M.D., J. Michael Wiater, M.D. |

### ASES Session II: Shoulder Fractures

**Time: 11:55 a.m.-12:15 p.m.**

**Moderators: Gregory L. Cvetanovich, M.D., Peter B. MacDonald, M.D., F.R.C.S.C.**

| Time       | Talk Title                                     | Faculty                                                                                                                                                                      |
|------------|------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 11:55 a.m. | Shoulder Fractures Case-Based Panel Discussion | Moderators: Gregory L. Cvetanovich, M.D., Peter B. MacDonald, M.D.<br><br>Panelists: Shannon R. Carpenter, M.D., Jonathan C. Levy, M.D., Joaquin Sanchez-Sotelo, M.D., Ph.D. |

### ASES Session III: Revisionplasty

**Time: 12:15-1:05 p.m.**

**Moderators: Shannon R. Carpenter, M.D., Eric T. Ricchetti, M.D.**

| Time       | Talk Title                                                                                                                                                                      | Faculty                  |
|------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|
| 12:15 p.m. | Revisions Following Stemless Reverse Shoulder Arthroplasty: Experience From an Investigational Device Study                                                                     | Jason E. Hsu, M.D.       |
| 12:20 p.m. | Anatomic Total Shoulder Arthroplasty Revised to Reverse Total Shoulder Arthroplasty: Clinical and Radiographic Outcomes Compared to Primary Reverse Total Shoulder Arthroplasty | Josef K. Eichinger, M.D. |

***THANK YOU FOR ATTENDING!***

#### **HOW TO CLAIM CME**

- On or about April 28, visit [www.aana.org](http://www.aana.org).
- Click **Sign In** and then **My Account**.
- Select the **CME tab** and find the AANA/ASES25 Specialty Day Event.
- Enter the credit commensurate with your attendance/participation (maximum is 5.75).
- The Credit History and Certificates section will populate with a certificate/transcript to print at your discretion.

#### **ACCREDITATION**

The Arthroscopy Association of North American (AANA) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

#### **AMA PRA CATEGORY 1 CREDIT™ DESIGNATION**

AANA designated this live activity for a maximum of 5.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

See the [2025 AAOS Annual Meeting Page](#) for details and updates.

**Questions about the AAOS meeting?** Contact AAOS Customer Service at (800) 626-6726 or [meeting@aaos.org](mailto:meeting@aaos.org).

*Agenda accurate as of 2/26/25. For the most up-to-date agenda, please visit [aana.org/specialtyday](http://aana.org/specialtyday).*
