

December 2023

The Final Countdown – Go ALL IN

As we approach the end of another year, the AANA Education Foundation calls on our members one final time to help us achieve our year-end goals and make a difference. Time is moving fast and your support is critical. A donation before the year end fuels essential initiatives and supports our valuable programs. Every contribution, regardless of size, plays a pivotal role in the success of the Foundation's mission.

With your support, we can expand educational scholarships, fund research grants and empower Orthopaedic Surgeons to excel in their practice. In these unprecedented times, your contribution holds more significance than ever before. Go **ALL IN** today. Your support directly impacts the lives of orthopedic surgeons, enabling them to stay at the forefront of advancements and providing optimal care to their patients. By going **ALL IN** you affirm your commitment to the betterment of your profession and the improvement of patient outcomes.

EDUCATION FOUNDATION NEWS

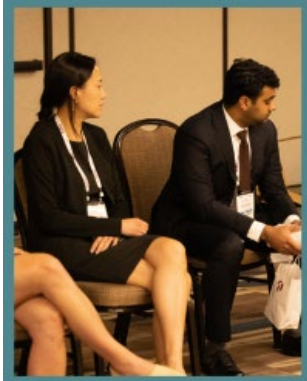

THANK YOU DEPUY SYNTHES!

We extend our sincere gratitude to DePuy Synthes, The Orthopaedics Company of Johnson & Johnson. AANA was able to conduct two Future Scope: Introduction to Arthroscopy and Orthopaedics courses this year at The Orthopaedic Learning Center in Rosemont, Illinois, and the Johnson & Johnson Institute in Palm Beach Gardens, Florida. These courses serve as an essential platform, introducing underrepresented medical students to the core aspects of orthopaedic practice, potential career opportunities and valuable insights into pursuing a future in orthopaedics. The success of these initiatives are owed to the generous support of DePuy, without which this invaluable program would not have been possible. The AANA Education Foundation expresses its deepest appreciation for DePuy's unwavering support and commitment to shaping the future of orthopaedic education.

DONATIONS AT WORK

NOW OPEN! AANA Annual Meeting 2024 Resident Scholarship

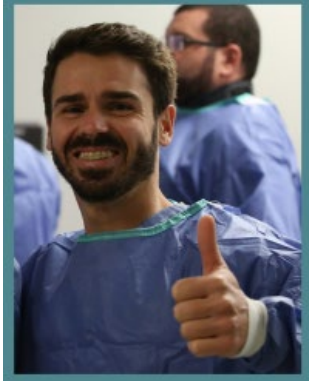

The Education Foundation is granting 50 scholarships for PGY3, PGY4, or PGY5 Orthopaedic Residents with a passion for arthroscopy and minimally invasive surgery to attend the **2024 AANA Annual Meeting**, May 9-11 in Boston. This exclusive opportunity allows attendees to engage with leading surgeon educators and aims to foster and support the education of future Orthopaedic Surgeons.
