Turn Your AmazonSmile Support Into Recurring Donations

Effective February 20, Amazon will be discontinuing its AmazonSmile Program. The program allowed individuals to support the [AANA Education Foundation](#) through any Amazon purchases. While the program will be missed, your donation can still achieve a similar lasting outcome thanks to recurring donations.

If you've considered a recurring donation but are unsure where to start, consider signing up for [monthly giving](#). It doesn't take much for your impact to become substantial:

- **\$15 a month** funds an Orthopaedic Resident's registration costs to attend the [AANA Annual Meeting](#), the largest arthroscopy-focused meeting in the world.
- **\$35 a month** funds scholarships for Orthopaedic Surgeons to attend AANA's [state-of-the-art lab courses](#), which offer attendees an opportunity to train with experts in a personalized setting.

- **\$65 a month** funds developments in the **latest research** as it pertains to arthroscopy and minimally invasive surgery.
- **\$135 a month** funds the **AANA Health Policy Fellowship**, preparing Orthopaedic Surgeons for a leadership role in AANA's advocacy efforts.
- **\$165 a month** funds an Orthopaedic Surgeon's participation in the **AANA Traveling Fellowship Program**, allowing them to forge relationships and learn new techniques in arthroscopy.

What's more? Monthly donations can be spread throughout the entire year, making your donation affordable *and* impactful for the rest of 2023. Making a recurring donation is easy – visit aana.org/donate and confirm your donation details today!
