

January 2024

## A Special Thank You to Our Donors

Each year, the support of our donors fuels the AANA Education Foundation's mission to provide access to education, research and innovation. Reflecting on 2023, we want to extend our gratitude to each donor who showed their commitment to the practice of orthopaedics last year by giving to the Foundation.

Thanks to the generosity of our donors in 2023, the Foundation funded:

- 60 educational scholarships
- An AANA research grant
- The career-defining Traveling Fellowship program
- Health Policy Fellowship
- Journal Awards
- And more!

As we look forward to the rest of the year, the Foundation is committed to continuing to advance AANA's educational reach by empowering Orthopaedic Surgeons, embracing emerging technologies and providing education on minimally invasive surgeries to more surgeons than ever. The scholarships, research grants and awards the Foundation provides have positively affected the lives and careers of dozens of Orthopaedic Surgeons worldwide. These surgeons are able to take these skills and implement them locally within their communities which in turn improves patient health and surgical outcomes across the globe. **This couldn't be done without donations from our donors.**

From all of us at the Education Foundation, we would like to sincerely thank you for being part of AANA and being a part of this community. Let us continue to shape the future of minimally invasive surgeries and patient outcomes.

**It's not too late to give! Go ALL IN for 2024**
