

## December 2022

### There Is Still Time!

*Make Your Final Donation of 2022 Count!*

This holiday season, the best gift you can give is a donation to the AANA Education Foundation that supports opportunities in education, research and innovation.

We know that you have many options when it comes to year-end giving, but your decision in choosing the AANA Education Foundation is an important one. Large or small, your donation helps to make a substantial impact that truly makes a difference.

Deserving Orthopaedic Surgeons who otherwise might not have an opportunity to attend one of AANA's world-class lab courses or events are so grateful for any contribution you make.

With just a handful of days left in 2022, there's still time to make your tax-deductible donation count. [Visit the AANA Education Foundation donation page](#) to make your donation today.

Have a safe, healthy and Happy New Year!

**P.S. – Make your contribution today and help make 2023 a great year for the current and future generations of Orthopaedic Surgeons.**
